ACC1565

Housing modification certificate of satisfactory completion

Please use this form to confirm that you're satisfied with the work and that you consider the modifications are complete.

ACC's Housing Modification service provider is responsible for:

- getting this form signed by the person who received the housing modifications, the relevant housing assessor and the project manager
- returning the completed form to ACC.

If the work that's been completed has only been to install a standard 'off the shelf' grab rail, you don't need to complete this form, as you can use the *ACC7404 Request for a housing modification - grab rail* form instead.
